

HELLO, MAY I INTRODUCE MYSELF?

My name is **Paul** and I've lived in Radstadt all my life. My ancestors are also from **Radstadt** and were even born here. That's the reason why I know so much about Radstadt and have **the best tips** for you. Maybe you have even heard about my great-great-great-grand-uncle Paul Hofhaimer – he was a famous musician, composer and organist. Today he is the namesake of Radstadt's annual music festival – the „Paul Hofhaimer Days“. Former he even used to play for Emperor Maximilian, who knighted him in 1515.

But now back to me: I am the face behind your **individualized information** because I always know what is going on in Radstadt. In my time off, I like to go hiking, as you might recognize from my hiking boots, which I love to wear all year round. I also love the Pongau cuisine with its traditional dishes. From Kasnock'n to Kaiserschmarren – everything is so delicious!

Because I love my hometown so much, I thought to myself: I might as well serve our guests in Radstadt as a **personal holiday guide**. Which restaurants are open? Are all lifts in operation? What are the most fun **leisure activities**? So many questions and I know all the answers.

You can save yourself precious time you would otherwise spend researching on different websites. I put all the latest information and offers in the new web app because that's my job as your holiday guide. But there is another advantage: I am a **web app** – you don't need to download or update me like a normal app. Simply register at the [web form](#) and you're ready to go. I will be at your disposal and show you all the important information for your stay in real time.

Whether you want to browse beforehand from the comfort of your home or spontaneously decide to use the web app on site: I am there for you and you get all the information you need **from one source 24/7**.
